### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. Authorization for this examiner's amendment was given in a telephone interview with Attorney, Ronald I. Eistein on August 19, 2004.

The application has been amended as follows:

Claim 1 (current amended). In line 1 deleted "portion of" and inserted --- modifications in --- In line 3 after "sites" inserted --- in these regions ---

Claim 4 (current amended). In line 1 deleted "portion of" and inserted --- modifications in --- In line 3 after "sites" inserted --- in these regions ---

Claims 1, 4, 6, 14 and 15-23 are allowed.

(The examiner noticed that claim 6 was not amended in applicants' response filed on June 22, 2004. Attorney, Ronald I. Eistein was contacted and he confirmed that the statement of claim 6 being "currently amended" was a typographic error)

3. The following is an examiner's statement of reasons for allowance: No prior art teaches or suggests a modified retrovirus envelope glycoprotein gp120 with an alteration of at least two of the four glycosylation sites selected from positions 197, 176, 301 and 386, which are proximal to the CD4 binding site or CCR5 or CXCR4 chemokine receptor site. Applicants unexpectedly find that this kind of modification makes the gp120 polypeptide be more sensitive for the gp120 neutralizing antibody to bind with.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
